A Legacy of Excellence: Celebrating 100 Years of Education, Innovation, and Community Impact

As we gather today to celebrate the remarkable achievements of our graduates, we take a moment to reflect on the legacy that has shaped Los Angeles Trade-Technical College (LATTC) into the institution we know and cherish today. This year marks a monumental milestone: LATTC's 100th anniversary. Since its founding in 1925, LATTC has stood as a beacon of opportunity, empowering students and transforming lives through high-quality vocational, technical, liberal arts education and transfer prep.

LATTC was established in 1925 to provide the people of Los Angeles with specialized, practical training in a variety of trades. In the early years, the school focused on skills essential to the growing industries in Southern California, such as printing, plumbing, and building trades. With the vision of helping individuals secure well-paying, stable careers, the institution quickly became an essential part of the Los Angeles region.

As Los Angeles grew and evolved, so did LATTC. The college expanded its offerings to include cutting-edge programs in emerging industries such as information technology, healthcare, and digital media. LATTC's programs, many of which are shaped in collaboration with local industry leaders, continue to provide students with the hands-on experience, technical know-how, and

Officials and students pose for the corner stone ceremony at Frank Wiggins Trade School (1940)

Students at the Wiggins Trade School grand opening (1926)

industry certifications needed to excel in the workforce. Additionally, it offers robust academic pathways that support transfer to four-year universities—providing students with multiple options to achieve their educational and professional goals.

Alongside its academic offerings, services for students have grown, as well. What may have initially focused on enrollment and academic counseling has now expanded to include tailored support for veterans, former foster youth, first-time college students, single parents, and more. The wide range of wraparound services and an intentional focus on meeting students' basic needs reflects the college's commitment to serving its community in a holistic and meaningful way.

LATTC's role as a center for community engagement and social mobility is evident in its long history of supporting local initiatives. Whether it's through partnerships with businesses, governmental agencies, or non-profit organizations, the college has continuously worked to meet the needs of the region and provide valuable services to the broader community. Its graduates have contributed significantly to the growth and prosperity of Los Angeles, shaping the city's infrastructure, economy, and cultural landscape.

As we celebrate our centennial, we also look forward to the next 100 years. LATTC is committed to continuing its legacy of excellence in education, while adapting to meet the challenges and opportunities of the future. With a focus on innovation and community collaboration, LATTC will continue to empower students to achieve their dreams and contribute to the growth and prosperity of Los Angeles.

This centennial celebration is a testament to the hard work, dedication, and resilience of our faculty, staff, students, and alumni over the past 100 years. Together, we have built a rich history that reflects the spirit of Los Angeles itself: diverse, dynamic, and ever-changing. As we honor our past, we remain excited for the future and the incredible possibilities that lie ahead.

Congratulations to our graduates — and thank you for being a part of LATTC's extraordinary legacy. Here's to the next 100 years!

Message from the **PRESIDENT**

Dear Graduates,

On behalf of our entire college community, I extend my warmest congratulations to you, our graduating Class of 2025. Today, you stand at the threshold of your next chapter — equipped not just with knowledge, but with skills that can change lives, build communities, and shape industries. We celebrate your achievements, your resilience, and your extraordinary journey — a journey that now forever connects you to a century of excellence, innovation, and purpose.

As we mark our college's 100th anniversary this year, your graduation holds a unique and symbolic significance. You are not only stepping into the next phase of your life's journey but doing so as part of a historic milestone — our centennial class. You carry forward a legacy built by generations of problem-solvers, builders, healthcare providers, early childhood educators, innovators, technicians, creators, scholars, leaders, and change makers — and now, you stand ready to shape the future with the same courage and determination that brought you to this moment. As you move on from Los Angeles Trade-Technical College, remember that you are always part of this community, and we will always be proud to call you an alumnus.

Congratulations, Class of 2025 — you did it!

With pride and admiration,
Dr. Alfred McQuarters
President of LATTC

Laphonza Butler
Former U.S. Senator, CA

A trailblazing figure in American politics, Senator Laphonza Butler was appointed to complete the term of the late Senator Dianne Feinstein, making history as a dynamic and influential voice in the U.S. Senate. Throughout her distinguished career, she has served as a trusted advisor to top elected officials, including Vice President Kamala Harris and during Secretary Hillary Clinton's presidential campaign — championing transformative public policies grounded in justice, equity, and fairness for all communities.

Prior to her Senate appointment, Senator Butler led EMILY's List as president, becoming the first Black woman to helm the organization dedicated to electing Democratic pro-choice women to office. She also served as president of SEIU Local 2015, California's largest labor union, where she advocated for the rights and dignity of long-term care workers across the state.

Recognized by President Barack Obama as a "Champion of Change," Senator Butler's leadership continues to inspire a new generation of advocates and public servants committed to creating a more inclusive and just society. Senator Butler is a member of the Council on Foreign Relations and has served as a director of the Board of Governors of the Los Angeles branch of the Federal Reserve System, as well as a member of the University of California Board of Regents.

Senator Butler holds a Bachelor of Arts in Political Science from Jackson State University and has held numerous leadership roles, including as board member for the National Children's Defense Fund and the Bay Area Economic Council Institute, and as a fellow at the MIT Community Innovators Lab.

Sonya Christian, PhD.
Chancellor, California Community Colleges

Dr. Sonya Christian recently served as the sixth Chancellor of the Kern Community College District, a position she held beginning in July 2021. Her three-decade career in education began within the Kern district, where she served as a mathematics faculty member, Division Chair, and Dean of Science, Engineering, Allied Health, and Math at Bakersfield College. From 2013 to 2021, she served as the 10th President of Bakersfield College—one of the colleges overseen by the Kern district.

Dr. Christian has consistently championed equity, student success, and collaborative leadership. Her approach emphasizes distributed leadership and the collective effort of faculty, staff, and administrators. She believes that sustainable change is rooted in shared ownership and community, allowing transformational work to scale and last.

Her commitment to improving student outcomes has led her to several key statewide and national leadership roles. She spearheaded the 2015 coalition that secured philanthropic funding for California's Guided Pathways demonstration project, leading to a \$150 million investment and the creation of the Vision for Success metrics adopted by the Board of Governors in 2017. She also authored the Trailblazers newsletter to share knowledge and support scaling efforts across the state.

During her presidency at Bakersfield College, the institution became one of California's first community colleges to offer a baccalaureate degree as part of a pilot program. Dr. Christian has remained a passionate advocate for expanding four-year degree opportunities at community colleges to increase social and economic mobility, especially in underserved communities.

Her visionary leadership extends to energy and climate resilience. Inspired by NASA's "Dare Mighty Things," Dr. Christian led the establishment of the California Renewable Energy Laboratory—an innovative partnership focused on securing California's clean energy future.

Dr. Christian is a strong proponent of data-driven decision-making and civil discourse to influence policy and resource allocation. She believes in the vital role of community colleges in preparing students for emerging careers, particularly in the green energy sector.

She serves as Chair of the California Community College Women's Caucus, Vice Chair of the Campaign for College Opportunity Board, and a member of the California Community Colleges Asian American Pacific Islander Trustees and Administrators Caucus. Governor Gavin Newsom appointed her to the Student Centered Funding Formula Oversight Committee (2019–2022), and she served as Chair of the Accrediting Commission for Community and Junior Colleges from 2020 to 2022. Her dedication to institutional quality is evidenced in her work with the Accrediting Commission for Community and Junior Colleges, where she served as chair for two years starting in 2020, having previously served for the commission as Vice-Chair from 2018-2020.

Sara Hernandez, J.D.
1st Vice President, LACCD Board of Trustees

As an LAUSD middle school teacher Sara founded a non-profit that identifies low-income students and provides them with exceptional educational opportunity and resources throughout their high school years to get them “to and through college”. It was Sara’s work with students and their struggles with homelessness, lack of public transit options, housing and food insecurity, navigation of the foster care system, immigration issues, navigating the DACA process and general access of public resources that led Sara to pursue a career in public policy and local government.

After earning a law degree, Sara worked in Los Angeles City Hall, where she led community revitalization efforts through a mix of strategic economic development policies, innovative policy initiatives, and investments in housing, homelessness, transportation, infrastructure and green space.

In 2016, Sara went on to become the Executive Director of Coro Southern California, a national leadership development program that invests in the next generation of emerging leaders. Sara is currently an attorney and a community college instructor teaching Constitutional Law at Valley College.

As an attorney she works regularly with organized labor, community and business leaders in connection with some of the most pressing environmental, land use and housing issues in the region. She has done extensive pro-bono work representing indigent immigrants in asylum proceedings due to the devastating violence in the Northern Triangle and government oppression in Nicaragua. Sara is involved with the Southern Immigrant Freedom Initiative which represents detained immigrants at detention centers throughout the deep South and has assisted immigrant students with the renewal of their DACA status.

Sara holds a Bachelor of Arts in Public Policy from Duke University, a Master in Education from Loyola Marymount University and a Juris Doctor from Loyola Law School. In 2019 she was appointed by State Assembly Speaker Anthony Rendon to serve on the State of California Library Resources Board. She also serves on the non-profit boards of Young Eisner Scholars, La Plaza de Cultura y Artes and the Loyola Immigrant Justice Clinic.

In her free time, Sara is active in her community both politically and on the grassroots level. She has served as an Assembly District Delegate for the 53rd District, a delegate for the Democratic National Committee and in 2015 Assembly member Miguel Santiago named her Democrat of the Year for the 53rd Assembly District. In 2018, with her neighbors she started a group called DTLA Strong, a resident group focused on community organizing to build political power within the Downtown community. Through extensive organizing and outreach efforts, DTLA Strong has increased voter turnout in the last presidential election by 162% compared to 2016.

Sara currently lives in Boyle Heights with her husband Keith and son Theodore.

Alberto J. Román DPA
Chancellor, LACCD

Dr. Alberto J. Román's extraordinary journey from an immigrant background to Chancellor of the Los Angeles Community College District (LACCD) is a powerful testament to the life-changing potential of higher education. His personal connection to this transformative power, rooted in lived experience, fuels his unwavering commitment to educational equity. For over two decades, he has been a dedicated advocate, working tirelessly to create meaningful pathways to success for underserved communities.

Dr. Román's career in education spans a wide range of roles, providing him with a comprehensive understanding of the academic landscape. His experience as a classified employee, faculty member, director of personnel, assistant superintendent, college vice president, vice chancellor of human resources, college president, and now chancellor uniquely positions him to lead with insight and vision. He is deeply committed to expanding access, advancing student success, and driving institutional transformation across LACCD.

As President of East Los Angeles College (ELAC), Dr. Román demonstrated outstanding leadership in boosting enrollment through innovative and community-driven strategies. Acknowledging the barriers many students face in accessing higher education, he implemented comprehensive outreach efforts, including targeted workshops, partnerships with local high schools, CTE and Strong Workforce initiatives, and dynamic marketing campaigns. These efforts emphasized the tangible career and personal development opportunities community colleges provide. Under his leadership, ELAC became one of California's largest community colleges by headcount and a model for increasing student access and participation.

Appointed Chancellor in May 2025, Dr. Román brings a bold, future-focused perspective to LACCD's leadership. His strategic goals include expanding access to quality education, enhancing support for vulnerable student populations, and building strong, lasting partnerships with the community. He works collaboratively with the board of trustees, college presidents, faculty, staff, and stakeholders to ensure the district remains a vital engine for educational and economic opportunity in the region.

Beyond academics, Dr. Román is a passionate advocate for student well-being. He has consistently supported initiatives addressing food and housing insecurity and has championed resources for foster youth, undocumented students, and justice-impacted individuals. His holistic approach to leadership helps create inclusive, student-centered environments where all learners feel seen, supported, and empowered.

Dr. Román holds a doctorate and master's degree in Public Administration from the University of La Verne and a bachelor's degree in Political Science from the University of California, Riverside. His academic credentials and professional experience reinforce his steadfast commitment to educational excellence.

More than a leader, Dr. Román represents the power of possibility. His story embodies the transformative impact of education and serves as a source of inspiration and hope for the communities served by LACCD.

Hi, my name is Destiny McLemore and I am proud to be your student body president. As I was writing this, I didn't really know what to say but congratulations to you all and how proud I am of you. For the ones who I've had the pleasure to have personally met, keep going and know that I will always be in your corner. To the ones who I haven't met, I just want you to know that just because one person in your life told you no, to remember they couldn't see your dream the way you do, so keep going. I would like to remind you all that you're the only one who can write your story so don't let others write your story for you. If you believe in your heart and you see yourself doing something, fight for it, go for it, and don't give up. Don't let somebody else tell you what your story will be. Once again, congratulations to all the graduates.

GO BEAVERS!!!!!!

Destiny McLemore
ASO President

Yovani Marroquin
Political Science Major

Hello Everyone,

My name is Yovani Marroquin. Following a hard time at CSUN because of my disability, being granted the opportunity to attend Trade Tech truly turned my life around. It was a privilege to attend a school where teachers, counselors, and staff care deeply and did whatever it took to help students succeed.

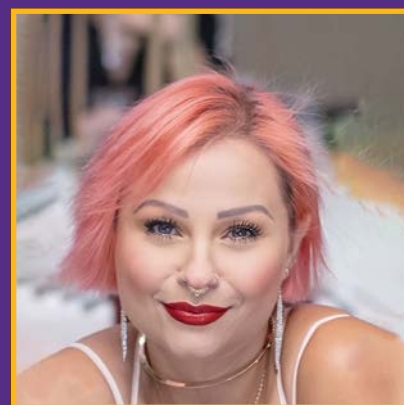

Thanks to their support, I'm excited to share that I'll be continuing my education this fall at Cal State Long Beach, where I'll be studying Political Science. I'm so grateful to everyone at Trade Tech for not giving up on students like me. For many of us, this school has been a second chance and for me, it's been a lifeline that brought me closer to achieving my dream of earning a bachelor's degree.

Thank you all so much and don't forget we are Trade - Tech Class of 2025!

My name is Julie, and although I was born in Ukraine, I've called Los Angeles home since I was five years old. I consider myself a proud and true Angeleno.

I'm currently a Business Administration major and plan to pursue my Bachelor's degree after graduating from LATTC.

Two years ago this month, I lost my mother. It's a loss that continues to shape me, but it's also a powerful motivation. Everything I do — from my education to my future goals — is in honor of her. I'm working hard to make her proud, and this achievement is a step toward that promise.

Yuliya Boki
Business Administration Major

Message from LATTC Alumna, Mayes Rubeo, Emmy Award winning and Oscar nominated Costume Designer

Mayes C. Rubeo is an Emmy Award winning and Oscar nominated costume Designer known for her work on *Deadpool & Wolverine* (2024), *Jojo Rabbit* (2019), *WandaVision* (2021), *Apocalypto* (2006), *Avatar* (2009), *Thor: Love and Thunder* (2022), *Thor: Ragnarok* (2017), *Warcraft: The Beginning* (2016), *World War Z* (2013), *Werewolf by Night* (2022), *Kingdom of the Planet of the Apes* (2024), *Blue Beetle* (2023) and *John Carter* (2012). Upcoming projects include Taika Waititi's *Klara and the Sun* (2025).

She was born in Mexico City and went on to train in Fashion and Costume at Los Angeles Trade-Technical College and UCLA. In a design career spanning two decades, she has collaborated with visionary directors

such as Taika Waititi, Mel Gibson, and Zhang Yimou leading studios such as Legendary and Marvel and screen stars including Cate Blanchett, Ruth Negga, Brad Pitt and Andy Lau.

Her early collaborations laid the foundation for a career that has demanded enormous versatility: Mayes began work as an Assistant Costume Designer and Costume Supervisor, gaining experience with Designers Shay Cunliffe, Erica Edell Phillips, Ellen Mirojnick and Enrico Sabbatini, the latter becoming her career mentor. After assisting Shay Cunliffe on *Lone Star* (1996), Mayes continued to work with the same independent Director-Producer team John Sayles and Maggie Renzi, designing costumes for three of their films: *Angeli Armati/Men with Guns* (1997), *Sunshine State* (2002), and *Casa de los Babys* (2003).

Though budgets were lean, costumes and characters had to feel convincing. These cherished collaborations strengthened Mayes resourcefulness. For Hallmark's movie saga *Fidel* (2002), Mayes met the challenge of costuming characters from many walks of life and times, to tell a history spanning seven decades. It was Mayes' collaboration with Mel Gibson on *Apocalypto* (2006), which delivered a powerful image of the lost Mayan civilization, that set her on the path of creating costumes for the epic and otherworldly. Since then she has been known for creating the visual identities of the "Na'vi" people in James Cameron's *Avatar* (2009), Edgar Rice Burroughs's 100-year-old vision of civilized Mars in Andrew Stanton's *John Carter* (2012), and for transforming some of the world's most popular video game and comic book worlds into reality on-screen for Duncan Jones' *Warcraft* (2016), Shawn Levy's *Deadpool & Wolverine* (2024), Taika Waititi's *Thor: Ragnarok* (2017), and Marc Forster's *World War Z* (2013)- for which thousands of people (living and un-dead) were costumed, instead demanded contemporary realism, though still on a global and epic scale.

Mayes continues to bring her costumes into new territories, turning technological and technical challenges into creative opportunities. Her characteristic passion and collaborative spirit have enabled her to successfully lead diverse teams across five continents, merging traditional craft skills with state-of-the-art technology. Mayes' work has featured in international exhibitions, including the Deborah Nadoolman Landis curated Hollywood Costume exhibition (2012) at the Victoria & Albert Museum in London. Three FIDM Exhibitions: 18th Annual Art of Motion Picture Costume Design for the Film *Apocalypto*, 21st Annual Art of Motion Picture Costume Design for the Film *John Carter*, and 26th Annual Art of Motion Picture Costume Design for the Film *Thor Ragnarok*.

Mayes Rubeo is a member of the Academy of Motion Pictures Arts and Sciences, The Costume Designers Guild of America Local 892, and the Scenic Arts Guild.

U.S. Representative

Lola Smallwood-Cuevas
State Senator

Holly J. Mitchell
LA County Supervisor

The Board of Governors of the California Community Colleges has authorized the Los Angeles Community College District Board of Trustees to confer the degrees of Associate in Arts, Associate in Science, Associate Degrees for Transfer, Certificates of Achievement, Certificates of Competency, Certificates of Completion, and Baccalaureate Degrees.

Associates Degree

The awarding of an Associate Degree symbolizes a successful attempt on the part of a college to lead students through patterns of learning experiences. Among these are the ability to think and communicate clearly and effectively both orally and in writing; use mathematics and other modes of quantitative reasoning; think critically and understand the modes of inquiry of the major disciplines; be aware of other cultures and times engaging with diverse perspectives; achieve insights gained through experience in thinking about ethical problems; develop the capacity for self-understanding; effectively assess and use information literacy; and engage with civic responsibilities. The District grants the degrees of Associate in Arts and Associate in Science to those students who have completed the subject requirements for graduation and who have maintained a 2.0 average in subjects attempted. Students must also complete the general education, residence, and competency requirements set forth in Title 5 regulations.

To earn an Associate Degree, students must complete the following requirements:

1. Unit Requirements:

A minimum of 60 semester units of course credit in a selected curriculum with at least 18 semester units of study in a major or area of emphasis and at least 21 semester units of study in general education.

2. Residency Requirements:

Students must complete no fewer than 12 units within the Los Angeles Community College District.

3. Scholarship Requirements:

Local Associate Degrees: A "C" (2.0) cumulative grade point average or better in all degree applicable coursework is required in the curriculum upon which the degree is based, including external degree applicable coursework used to meet degree requirements.

Associate Degrees for Transfer: A "C" (2.0) cumulative grade point average in all CSU transferable coursework is required upon which the degree is based, including external CSU transferable coursework used to meet degree requirements.

4. Competency Requirement:

Students must satisfy the requirements for demonstrated competence in reading, written expression, mathematics, and satisfactory completion of an ethnic studies course.

Certificates

Students may be awarded a Certificate of Achievement upon successful completion of a minimum of 16 or more semester units of degree-applicable coursework designed as a pattern of learning experiences designed to develop certain capabilities that may be oriented to career or general education.

Academic HONORS

Some students in today's ceremony are wearing special honor cords that identify them as honors graduates. The table below refers to the color cord they are wearing and the notation in the program.

Academic Achievement	Cord Color	Symbol
Cum Laude	Silver	▲
Magna Cum Laude	Silver & Purple	●
Summa Cum Laude	Purple & Gold	■
Distinguished Graduate Award	Gold	◆

Distinguished Graduate Award

The Distinguished Graduate Award is one of the most significant and prestigious honors available to the students at Los Angeles Trade-Technical College. They have earned this distinction by maintaining a high grade point average and by completing the requirements for the Distinguished Graduate Award. This honor is bestowed on graduates during the College Commencement.

To be considered for the award, a candidate must:

1. Petition for the Associate Degree
2. Achieve a grade point average of 3.70 or better in all college work completed at LACCD at the time of petition, and is in good standing.
3. Achieve a grade point average of 3.70 or better in all college work completed at LACCD at the end of Fall semester, if graduation requirements will not be completed until the end of the Spring semester.
4. Students who have earned an Associate Degree or equivalent or advanced degree are not eligible for the award.

Graduation Honors

Colleges shall grant academic honors to students who demonstrate excellence in scholarship. This may be accomplished through inclusion on honors lists and/or graduation honors. Honors lists are a recognition of a student's academic excellence during a given semester or series of semesters, while graduation honors are a recognition of excellence over a student's academic career.

To be considered for Graduation Honors, a candidate must meet one of the following requirements:

Summa Cum Laude

1. Grade Point Average of 3.9 or higher, and
2. All degree-applicable coursework taken at LACCD colleges, and
3. A minimum of 24 units completed.

Magna Cum Laude

1. Grade Point Average of 3.7 or higher, and
2. All degree-applicable coursework taken at LACCD colleges.

Cum Laude

1. Grade Point Average of 3.5 or higher, and
2. All degree-applicable coursework taken at LACCD colleges.

ACKNOWLEDGEMENTS

The Graduating Class of 2025 would like to express its sincere appreciation to all the Students, Faculty, Staff, and Administrators that made this day possible. They would also like to express their gratitude to the Commencement Planning committee, Admissions and Records, Academic Affairs, Administrative Services, Associated Student Organization, Institutional Effectiveness, Facilities, Student Services, the Office of Student Life, President's Office, as well as the Los Angeles Trade-Technical Foundation for their continued support. Together everyone has made this day a memorable one.

Special Appreciation and Recognition

Jose M Morales Alvarado: Mr. Morales is one of our own LATTC DMA students with a Degree in Visual Communications. He is responsible for the design, editing, and final production of all digital media materials related to this publication. Finally, Mr. Morales is the Chief Designer and Editor of this program.

The Greek Theatre for providing the venue and assistance with the planning of the Commencement Ceremony.

Mission Statement of the Los Angeles Community College District

The Mission of the Los Angeles Community College District is to foster student success for all individuals seeking advancement, by providing equitable and supportive learning environments at our nine colleges. The District empowers students to identify and complete their goals through educational and support programs that lead to completion of two or four-year degrees, certificates, transfer, or career preparation. In doing so, the District fulfills its commitment to the community to improve the social welfare of the region, to enhance the local economy, to close persistent equity gaps, and to prepare future community leaders.

Mission Statement of Los Angeles Trade-Technical College

Los Angeles Trade-Technical College advances communities through pathways to academic, career, and transfer success that empower students to achieve career technical certificates, associate degrees, transfer, and employment.
