Attention Students:

Need help paying your fees?

Enrollment fees for all California community colleges are \$20 per unit.

Before you write out that check or charge your credit card, why not apply for financial aid? Did you know that:

- Many students are eligible to have their fees waived, but they don't apply.
- The eligibility criteria for fee waiver is more lenient than for Federal Financial Aid.
- If you are eligible for a fee waiver, you may request a refund of the enrollment fees you may have already paid.
- Other kinds of financial aid are available as well. Apply for financial aid in addition to the fee waiver by using the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.ed.gov, or by paper application.
- By applying via the FAFSA, you will be considered for all of the financial aid programs your college participates in, including the fee waiver
- You have nothing to lose; it's a free application so don't delay, apply today!
- See center insert for full information.

The Matriculation Department is concerned that you successfully complete your course work at LATTC by selecting courses that will meet your educational goals. These tests help students select courses that are realistic and compatible with their level of academic preparation and experience.

The test is available on a walk-in basis in Building K- Basement Level any time after you have submitted a current application to Admissions & Records.

Do I need to study for this test?

No. This is not a pass or fail test. However, it is important for a student to take the test to the best of their ability. This test affects the number of Math and English courses a student must complete in order to meet graduation/transfer requirements. If the student disagrees with scores, they have the right to challenge their test scores.

What do I need to bring with me?

Students must bring a valid photo ID in order to take the test. There are NO EXCEPTIONS to this policy! The ID must be original, No photocopies. Examples of ID include a California Driver's License, California ID, a pass-port, high school picture ID, etc.

How long does the test take?

The test is self-paced. Most students finish in about 2 hours.

How long are the test scores valid?

Test scores are valid for 2 years.

What does it take to be exempt from taking the assessment test?

The student must meet one of the following criteria:

- Valid assessment scores from LATTC or another college taken within the last 2 years.
- Completion of English or Math courses at any accredited college with a grade of "C" or better (transcripts required).

PREREQUISITES, CO-REQUISITES & ADVISORIES: YOUR PATH TO ACADEMIC SUCCESS!

Prerequisites, Co-requisites and Advisories

What Do They All Mean?

Prerequisite is a condition that a student has to meet prior to enrolling in the class. Completion of the prerequisite demonstrates that you are ready and able to succeed in the course you want to take. A prerequisite is usually either another course, or a specific test score on a standardized test.

Co-requisite is a course that must be taken at the same time as the course you want to take.

Advisory or recommended preparation means that you are advised, but not required, to have taken the course(s) or met the test scores before enrolling in the class.

PLEASE CHECK YOUR CLASSES CAREFULLY:

Prerequisites are enforced!

Want to take a course with a pre-requisite? You can satisfy a prerequisite several ways:

1. Take the prerequisite course at Trade-Tech or another college in the District and achieve a grade of "C" or better, so that it shows on your official transcript;
2. Provide proof that you've successfully completed the requirement(s) at another college. You can bring transcripts or assessment scores from another school to the Matriculation Department and they will be reviewed. If your course is approved, you'll be given a Prerequisite Clearance Form to take back to registration.
3. Take a test – known as a challenge exam – to show that you have the knowledge and skills necessary to successfully prepare you for the course you want to take;
4. If the course you want to take has an assessment test score as a prerequisite, you'll need to visit the Assessment Center and complete the required test. Your score will then be given to you, and the prerequisite(s) will be cleared once you receive a copy of your placement score(s).

If you have any questions or need more information, please contact the Matriculation Office at (213) 763-5335 or visit them in room R-100.

Challenging a Pre- or Co-requisite

If you want to challenge a prerequisite or co-requisite, i.e., you have not met the necessary prerequisite conditions but believe you should be allowed into the class anyway, you can challenge it if:

1. The prerequisite has not been made reasonably available;
2. The prerequisite is not valid because it is not necessary for success in the course you want to take;
3. The prerequisite is discriminatory or applied in a discriminatory manner;
4. You believe you have the knowledge or ability to succeed in the class without the prerequisite.

If you believe any of the above is true, you have the right to challenge the prerequisite or co-requisite. To obtain a Challenge Form, please visit the Matriculation Office and follow their directions.

Due to low enrollment, some classes listed in this schedule may be cancelled. If a class has been cancelled, you are eligible for a refund of any fees you have paid toward that course.

COURSE AND ACTIVITY REPETITION FOR ADDITIONAL CREDIT

Certain courses may be repeated for additional credit. These courses, marked "RPT" in the class section of the college catalog, allow the student an expanded educational experience each time the student enrolls in the course. Enrollment in these courses is limited in any activity to a maximum of

three repeats for a total of four (4) enrollments, regardless of the repeatability of individual courses. The activity limitation also applies to courses which are not repeatable in themselves but for which similar activities exist. For example, there are several similar course titles in Art, Music, Theater, and Physical Education which are considered to be the same activity. A student may enroll four times in courses which are considered to be the same activity. Any combination may be used as long as 4 enrollments in one activity is not exceeded. Please consult the current catalog for more information.

COURSE REPETITION TO IMPROVE SUBSTANDARD GRADES

Students may petition to repeat up to a total of 15 units in which substandard grades (less than "C," 2.0) were awarded. Students may repeat the same course once for this purpose by registering in the same course number after the first grade is posted. Please consult the current catalog for further information.

COURSE REPETITION UNDER SPECIAL CIRCUMSTANCES

Repetition of courses for which substandard work has not been recorded shall be permitted only upon advance petition of the student and with written permission of the College president or their designee. Please consult the current catalog for further information.

Eligible students will be issued an I-20A form by LATTTC. This document can be used by the student to obtain an F-1 Visa from a US Embassy in his/her home country. Students who are already in the

country may use this new I-20 to change their visa status or to complete their transfer process from another educational institution.

NOTE: F-1 students transferring from schools within the United States (US) have a more flexible deadline; please call the International Student office for more information.

TUITION

International student fees are approximately \$203 per unit, subject to change by the California legislature.

HEALTH INSURANCE

Health care in the United States can be costly without proper insurance coverage. Starting in the Fall 2007 semester, LATTTC International Students will be fully covered by Blue Cross. The cost for a 6-month period of coverage is \$420, which is subject to change. The \$420 will be included as part of your LATTTC fees every Fall and Spring Semester (no waivers). Please visit our office for a copy of your benefits.

FULL-TIME COURSE LOAD

Per U.S. Citizenship and Immigration Services (USCIS) regulations, all F-1 International Students must maintain a full-time course load during the Fall and Spring semesters – certain exceptions apply, please see your Designated School Official (DSO) for more information. A full-time course load is defined as a minimum of 12 units. Dropping below 12 units without PRIOR written permission from the DSO places your student status at risk. F-1 students are not required to attend the Winter and Summer Sessions but may do so if they wish.

CHANGE OF STATUS

Effective April 12, 2002, the Immigration and Naturalization Service has issued an Interim Rule which requires students with B Visas to change their visa status to an F-1 Non-immigrant Visa prior to pursuing a course of study at the college. Applicants may only enroll in classes after F-1 student status has been approved by USCIS. Also note that holders of H-1, H-2, or H-3 Visas may only engage in incidental studies per USCIS regulations. If you wish to pursue a degree, please apply for a change of status to an F-1 Student Visa. Call our office for more information.

PARKING PERMITS

Parking permit fees are \$20 during the Fall and Spring semesters. All students must still display a valid parking permit for that semester. Failure to do so will result in a parking citation. To obtain your parking permit, please visit the Business Office during normal business hours and be a currently enrolled student.

PARKING LOCATIONS

Parking is available in the LATTTC Olive Street Parking Structure located at 2001 S. Olive Street [Across the street from the "K" building; 1/2 block South of Washington Blvd, between Grand and Olive. Entrance on Olive Street.] Parking is also located at various contracted lots adjacent to the campus. Contracted parking is subject to change based on the College's construction schedule and availability. REGISTRATION BY PROXY

Applications for acceptance to the college cannot be completed and signed by any person other than the applicant. An original signature is required on the application and the applicant is responsible for the correctness. If a student requests registration by proxy, a signed, completed "PROXY REGISTRATION FORM" must be presented and surrendered (at the Admissions and Records Office, R-102) by the proxy at the time of class enrollment. This document will serve in-lieu of the student's signature normally on the Course Request Card. The student assumes all responsibility for the proxy's action during the enrollment process. Proxy Registration Forms are available upon request in the Admissions and Records Office, Room R-102. Registration by proxy does not release the student from the responsibilities for all college rules and regulations or the mandatory intake process of Assessment and Orientation.

STUDY LOAD

A maximum of 12 units may be carried without prior approval. If a load of 12 units or more is requested, a student must file an Academic petition in the Admissions Office Room R-102. The Intersegmental General Education Transfer Curriculum (IGETC) is a series of courses that community college students can use to satisfy lower division general education requirements at any CSU or UC campus. The IGETC provides an option to the California State University General Education Requirements. Students in high unit majors are encouraged to follow a particular UC campus' breadth requirements instead of the IGETC. See a counselor for additional information. **IMPORTANT:** The IGETC must be certified prior to transfer. If not certified, a student will be required to complete the four-year university's own general education/breadth requirements and additional lower-division coursework may be required. LATTC ON-LINE CLASSES

Special Dates for Online Students - Fall 2008 term:

Moodle Orientations will be given on:

Thurs. August 28 - 6-7:30pm in L-110
 Thurs. Sept. 4 - 6:30-8pm in L-110
 Sat. Sept. 6 - 9-10:30am in L-110
 Thurs. Oct. 23 - 6:30-8pm in L-110
(for late-start classes)

Students who cannot attend the above dates and times can go to C-102 and request a tutoring session for online students. Tutoring is available in the Moodle course management software, campus email and Google applications.

Special Moodle Help Session for students is available: Sunday Sept. 14 from 9am-12noon in L-004.

What do I need in order to take an online class?

You'll need:

1. Computer access where you can regularly connect to the internet, plus
2. Sufficient computer skills to send/receive email and navigate the World Wide Web, and
3. A LATTC email account, to which your course information will be sent. Campus email accounts are automatically created for every student and uploaded once a week. Go to <http://wellness.lattc.edu/online/studentemailinfo.html> for directions to set up and log into your campus email account.

How do I register for an online class?

1. If you're already a LATTC student, just enroll in your online class as you would any other, or

2. If you're new to LATTC, you'll need to enroll in the college first. Please go to <http://www.lacolleges.net/admissions/> to enroll online. Once you're enrolled in the college, you can proceed to register for your online class

I've registered. Now what ?

1. Go to the LATTC Online Program home page at http://www.lattc.edu/lattc/on_line/classes.htm
2. Find your class(es) and go to the home page for each one. Be sure to read all information and follow any directions your instructor has set up for you: review the syllabus, go to any other links, e.g. the instructor's home page, and visit the virtual classroom home page.
3. Be sure to check if your class requires a campus edition of a textbook to coordinate with your online class. If you purchase the textbook at another campus, the key may not work for your LATTC class.
4. Check the Technical Help links at the Online Program home page. You'll need to be able to enable pop-ups and cookies on your computer in order for your online class to work.
5. Download the Online Student Guide for your term and read it carefully.
6. Check for Orientations that are required or optional for your class. Orientations are listed in the Online Student Guide and at http://www.lattc.edu/lattc/on_line/orientations.htm

Students who will be using the Moodle course management system should go to <http://moodle.lattc.edu> and follow the directions. Students who have a class using another course management system will need to either attend the scheduled class orientation or follow all directions

on the class home page to set up the software.

Are there any special meetings, either on campus or online?

Each teacher has the right to request either on-campus or online meetings if they so desire. Some of the reasons they may choose to require these meetings is to ensure the student is who s/he claims to be and is the person actually doing the work and or tests. Or, teachers may require an on-campus meeting to provide materials or an orientation to help students get off to a great start.

Classes have already started. How do get into an online class?

The fastest way is to contact the instructor of the class you want to take and ask permission to add. If they agree, ask them to put your name on an add permit and sign it for you. The instructor will need your student ID number and an email giving them permission to sign your name.

What if I need additional information?

You can contact the Online-Program Coordinator, Linda Delzeit-McIntyre, at 213/ 763-3733, or email her at delzeit@lattc.edu.

Work Experience... There's NO Substitute!

Did you know that you can gain valuable work experience and earn college credit at the same time?

Through the Cooperative Education Program, students who are employed for 20 hours or more per week at a job related to their educational major can earn 4 units of class credit. Students who are employed in a job not related to their major can earn up to 3 units of class credit.

Participation is easy! Working with you and your employer, the Cooperative Education Coordinator will help you write up learning objectives and activities that can be accomplished in the normal course of your job. A written agreement is then set up between you and the College detailing what you'll do to fulfill your academic requirements, and you're off to work!

Cooperative education courses are open to any student who is already enrolled in at least 7 units of college courses, including their cooperative education courses.

Enrollment is easy! For most disciplines, the section number for cooperative education is listed along with other courses, and you enroll right along with your regular classes. If you want to take a course and there's no section number in your discipline, no problem! Just attend the first cooperative education class session (dates below) to add the course.

Attendance is easy! You only need to attend four one-hour meetings – at times that meet your schedule – during the first six weeks of the semester. That's all...but it's important that you attend all four meetings, as this is where the Cooperative Education Coordinator will help you set up all the documents and activities that you'll need to succeed for the rest of the semester.

For students in a job not related to their major:

COOP ED (General) Course: 395
Section: 9001
Units: 3
Room: D-200

For students in a job related to their major:

COOP ED (Specific) Course: 941
Section: *see schedule*
Units: 4
Room: D-200

Remember, sign up now and get valuable work experience while you learn. For more information, please call (213) 763-3642 or email interns@lattc.edu.

Cooperative Education classes – attend **four** sessions within the first six weeks, **plus one** session at the end of the semester to submit your final paperwork. Each session is **one hour** long. All meetings are held in **D-200**.

STUDENT RESOLUTION PROCESS

From time to time there may be a situation where you and your instructor do not agree. To assist both of you in coming to a positive conclusion, Trade-Tech has developed an informal complaint resolution process. This process is purely optional and is not intended to replace the grievance process, however, students are urged to avail themselves of it whenever feasible.

A form is available to assist you at every level. Should you not be able to resolve a matter at one level, you are asked to bring the form with you to the next level. There are three forms: pink (Level I), green (Level II) and goldenrod (Level III). Forms are available in individual department offices, in the Academic Affairs Dean's Office (A-119), and in the Compliance Office (A-106A).

Following the informal students resolution process does not prevent you from filing an official Student Grievance through the LATTC Compliance Officer, Dr. Letia Royal-Burnett. For more information, consult the college catalog under "Student Grievance Procedure", or visit the college website at LATTC.edu and click on the "Compliance Office" link.

Level I (pink form)

The first step toward resolving a problem between a student and an instructor is for the two of you to meet. Most times talking it over will resolve the matter. However, if you are unable to resolve the problem between the two of you, please take a completed copy of this form to the Department Chair and discuss Step II proceedings

Level II (green form)

The second step toward resolving a problem between a student and an instructor is to schedule a meeting between the Department Chair, student and instructor. The Department Chair's role is to facilitate problem resolution by offering advice on College rules and regulations and clarifying individual responsibilities. To engage in Level II resolution, please take the pink Level I form, signed by both you and your instructor, to the Department Chair's office. A meeting will then be scheduled between you and your instructor.

Level III (goldenrod form)

The third step toward resolving a problem between a student and an instructor is to schedule a meeting with the Dean who supervises that department. To do this, you'll need to bring copies of both your Level I (pink) and Level II (green) student resolution forms with you.

ACCURACY STATEMENT

The Los Angeles Community College District and Los Angeles Trade-Technical College have made every effort to make this schedule accurate and may, without notice, change general information, courses, or programs offered. The reasons for change may include student enrollment, level of funding, or other issues decided by the district or college. The district and college also reserve the right to add, change, or cancel any rules, regulations, policies and procedures as provided by law.

ADMISSION AND RESIDENT CLASSIFICATION OF NON-CITIZENS

BOARD RULE 8100.10 Admission and Residence Classification of Non-Citizens. It is the intention of the Los Angeles Community College District that no one be discriminated against in the admission and residence classification process on the basis of national origin. Further, it is the intention of the Board that subjective personal characteristics, such as appearance and speech, not be the basis for assumptions about national origin or immigration status. The Los Angeles Community College District shall admit all non-citizens who are able to benefit from instruction and who are not barred from enrollment

under Federal and/or State law. Non-citizens shall be classified as resident or nonresident in accordance with applicable State and Federal laws, California Administrative Code Title 5, and District regulations. For all terms commencing on or after January 1, 2008, all nonresidents who enroll for six units or fewer shall be exempt from the nonresident tuition fee.

DIVERSITY

The policy of the Los Angeles Community College District is to implement affirmatively, equal opportunity to all qualified employees and applicants for employment without regard to race, color, national origin, ancestry, religion, creed, sex, age, handicap, marital status, medical condition (cancer related), sexual orientation, or veteran status. Positive action will be taken to ensure that this policy is followed in all personnel practices, including recruitment, hiring, placement, upgrading, transfer, demotion, treatment during employment, rate of pay or other forms of compensation, selection for training, layoff, or termination. A vigorous Affirmative Action Program will be maintained to ensure appropriate utilization of certain protected groups in specific areas and levels within the district workforce through the implementation of specific result-oriented procedures and activities (Board Rule 101301). Inquiries regarding Affirmative Action at Los Angeles Trade-Technical College should be directed to the College Affirmative Action Representative, Dr. Letia Royal-Burnett, Compliance Office, (213) 763-7066.

ATTENDANCE

Only students who have been admitted to the college and are in approved active status may attend classes.

Students who pre-registered in a class and miss the first meeting may lose their right to a place in the class. Students should attend every meeting of all classes for which they register. To avoid being dropped from class, students should contact the instructor when they are absent for emergency reasons.

Students are responsible for dropping a class that they stop attending. If the class is not dropped, the student may receive an "F" in that class and be responsible for enrollment fee. Any drops or exclusions that occur between the end of the 4th week and the end of the 12th week will result in a "W" on the student's record which will be included in the determination of progress probation. Drops are not permitted beyond the end of the 12th week. An evaluative grade ("A", "B", "C", "D", "F", "CR", or "NC") will be assigned to students who are enrolled past the end of the 12th week even if they stop attending class, except in cases of extreme extenuating circumstances.

CONDUCT EXPECTED OF STUDENTS

Students enrolling in one of the Los Angeles Community Colleges may rightfully expect that the faculty and administrators will maintain an environment in which there is freedom to learn. This requires that there be appropriate conditions and opportunities in the classroom and on the campus. As members of the college community, students should be encouraged to develop the capacity for critical judgment; to engage in sustained and independent search for truth; and to exercise their rights to free inquiry and free speech in a responsible, nonviolent manner. Students shall respect and obey civil and criminal law, and shall be subject to legal penalties for violation of laws of the City, County, State, and Nation.

CLASSROOM CONDUCT

Instructors are responsible for presenting appropriate material in courses, and students are responsible for learning this material. Although it is a student's academic performance that is evaluated in determining grades,

student conduct is important in the academic setting. Enrollment in a class may be terminated due to unsatisfactory student conduct, undue disrespect toward an instructor or administrator, or academic dishonesty. Each student is responsible for maintaining standards of academic performance established for each course in which he or she is enrolled.

BE ON TIME

Students are expected to attend and arrive on time for each class meeting. Class time is limited; students learn more and understand important concepts better if they always come on time for each class session.

RESPONSIBILITY TO BE INFORMED

It is the student's responsibility to read the information presented in this schedule and to know and observe all policies and procedures related to his/her program. Regulations will not be waived nor exceptions granted because a student pleads ignorance of policies, procedures, or deadlines.

PASS/NO PASS

Students may complete a request form to take a class on a Pass/No Pass basis through the sixth week of the semester. For Summer and Winter Semesters, through the second week. Courses, which students may elect to take on a Pass/No Pass basis, are listed in the college catalog. Request forms may be obtained at the Admissions Office, R-102.

The grade of P (pass) will be given if the performance in class is equal to a "C" grade or better.

The grade of NP (no pass) will be given if the performance in class is equal to a "D" or "FAIL" grade.

A student who has received credit for a course taken on Pass/No Pass basis may not convert this credit to a letter grade.

SUMMARY OF THE POLICY – PROHIBITED DISCRIMINATION AND HARASSMENT

Any member of the college community which includes students, faculty and staff who believes, perceives or has actually experienced conduct that may constitute Prohibited Discrimination or Harassment, has the right to seek the help of the college. Every employee has the responsibility obligation to report such conduct to the Compliance Officer (CO).

What Can You Do About Prohibited Discrimination and Harassment?

Talk to the Offender

Often problems will stop once the offender realizes the conduct is unacceptable.

Put it in Writing

Let the offender know that you don't like being treated this way and will report him/her unless it stops.

Keep a Record

Record the date, time, place and names of witnesses and describe the exact nature of the incident.

Don't Ignore It

Ignoring Prohibited Discrimination and hoping it will not be repeated is the most common reaction, yet it is the most ineffective way to deal with such incidents.

Contact the Compliance Officer

Prohibited Discrimination should be reported immediately to the Compliance Officer or to another college administrator who will work with the Compliance Officer.

The Compliance Officer is always available to confidentially discuss any possible discrimination or sexual harassment complaint.

You have the right!

- To work and study in an atmosphere free of harassment & discrimination
- To be judged by the same criteria as all others, not by standards that are less demanding, or more rigorous, or different in any way.
- To complain, free of retaliation

Discrimination may include, but is not limited to the following type of behavior:

- exclusion from employment opportunities such as training, transfer or promotion
- allocation of poor grades based on one's protected class
- denial of reasonable accommodation because of a disability
- decisions based on stereotypes or assumptions about ones abilities, traits or performance

Sexual harassment may include, but is not limited to the following type of conduct:

- making unwelcome, unsolicited contact with sexual overtones (written, verbal, physical and/or visual contact)
- unwelcome pressure for dates

It is recognized that academic freedom insures the faculty's right to teach and the student's right to learn.

Prohibited Discrimination

It is the policy of the Los Angeles Community College District to provide an educational, employment and business environment free from Prohibited Discrimination.. Employees, students, or other persons acting on behalf of the District who engage in Prohibited Discrimination as defined in this policy or by state or federal law shall be subject to discipline, up to and including discharge, expulsion or termination of contract. The College President, or Deputy Chancellor, shall independently assess whether the "preponderance of the evidence" establishes a violation and shall determine what action is to be taken, if any. Prior to making the decision, the alleged offender and alleged victim shall have the opportunity to make an oral statement, within 15 days from the receipt of the CO report. Within 90 days from the start of the investigation a Written Decision shall be mailed to the complainant/victim and the alleged offender.

Disciplinary action shall include, without limitation, verbal warning, probation, suspension, expulsion, letters of reprimand, Notices of Unsatisfactory Service, suspensions, demotions or dismissals.

Appeals

If the complainant/victim is not satisfied with the Written Decision, he/she may appeal to the District's Board of Trustees by submitting a written appeal to the Chancellor's Office within fifteen (15) days. The Chancellor shall present the written appeal, the Written Decision and the investigative report to the Board of Trustees in closed session. If the 45 days elapse without further action, the Written Decision shall be the final decision of the District. In nonemployment cases the complainant has the right to file an appeal with the State Chancellor's Office within 30 days after the Board decision is issued, or the 45 days have elapsed, whichever comes first.

The Los Angeles Community College District has complied with this requirement by adopting Board Rule 9803, Standards of Student Conduct (See above). Board Rule 9804, Student Discipline Procedures, provides uniform procedures to assure due process when a student is charged with a violation of the Standards of Student Conduct. Disciplinary measures may be taken by the College independently of any charges filed through civil or criminal authorities, or both. Copies of the Student Discipline Procedures are available in the Vice President of Student Services Office, A-129, (213) 763-7078.

STUDENT GRIEVANCE PROCEDURES

The purpose of the Student Grievance Procedures is to provide a prompt and equitable means for resolving student grievances. The procedures enumerated in Administrative Regulation E-55 shall be available to any student or applicant for admission, who believes a College decision or action has adversely affected his or her status, rights, and/or privileges as a student. The procedures shall include, but not be limited to, alleged violations of Title IX of the Higher Education Amendments of 1972 (and applicable regulations), grievances relating to disabled students as defined by Section 504 of the Rehabilitation Act of 1973, and grievances relating to course grades to the extent permitted by Education Code Section 76224(a). Section 76224(a) provides:

"When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student's grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetence, shall be final." For additional information, contact the college Ombudsperson at (213) 763-7066.

OMBUDSPERSON

Pursuant to the Student Grievance Procedure, the College Ombudsperson has been appointed by the President to assist the student in obtaining informal resolution of his or her grievance. If an informal resolution is not obtained, then the Ombudsperson will arrange for the formation of a Grievance Hearing Committee to hear the student's grievance and will facilitate the hearing process pursuant to District Administrative Regulation E-55. The Compliance Officer may be contacted at (213) 763-7066.

STUDENT RECORDS AND DIRECTORY INFORMATION

The Los Angeles Community College District, in compliance with Federal and State law, has established policies and procedures governing student records and the control of personally identifiable information. The Los Angeles Community College District recognizes that student records are a confidential

matter between the individual student and the College. At the same time the District has a responsibility to fulfill public information needs (i.e., information about students participating in athletics, announcement of scholarships and awards, etc.). To meet this responsibility the District may release Directory Information unless the student states in writing that he or she does not want it released. The responsibility for carrying out these provisions is charged to the College Records Officer, designated by the chief administrative officer on each campus. The Records Officer may be contacted via the Office of Admissions. Copies of Federal and State laws and District policies and procedures are maintained by the Records Officer and are available for inspection and inquiry. No information may be given via telephone request.

All student records maintained by the various offices and departments of the College, other than those specifically exempted by law, are open to inspection by the student concerned. The accuracy and appropriateness of the records may be challenged in writing to the Records Officer. A student has the right to receive a copy of his or her record, at a cost not to exceed the cost of reproduction. (Requests for transcripts should be made directly to the Office of Admissions).

No student records, including Directory Information, will be released without the written consent of the student concerned except as authorized by law. A log of persons and organizations requesting or receiving student record information is maintained by the Records Officer. The log is open to inspection only to the student and the community college official or his or her designee responsible for the maintenance of student records.

Directory Information includes the student's name, city of residence, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. This information will not be released to anyone if the student marks "NO" on question #28 on the College Application or if the student marks "NO" on the College's Release of Directory Information form. This form is available in the Admission Office.

In addition, under federal law, the military is entitled to receive the following student information for recruitment purposes: student directory information as defined above, student address, telephone number, date and place of birth, and major field of study. This information will not be released to the military if the student marks "NO" on question #28 on the College Application or if the student marks "NO" on the College's Release of Directory Information form.

All inquiries regarding student records, Directory Information, and policies for records access, release, and challenge should be directed to the Records Officer via the Office of Admissions. Students have the right to file a complaint with the United States Department of Education concerning alleged violations of Federal and State laws governing student records.

FINAL EXAM SCHEDULE

Final examinations are required of all classes and are required to be given within the designated final exam period; a two-hour period is scheduled for each examination.

The date of your final examination is determined by the first day and the first hour your class meets.

Final examinations must be held on the day and time scheduled and in your regularly assigned classroom.

Short-term Classes – Classes that are scheduled less than 15 weeks will have their final exam at the normal class time on the last day of instruction.

Weekend Classes – Classes that are scheduled on Friday only or Saturday only will have their final exam at the normal class time on Friday, December 19 or Saturday, December 20.

Evening Classes – Classes that meet at 3:30 p.m. or later will have their final exam at the normal class time on the last day of instruction.

For class times not listed or in case of conflicts or make-up exams – *please see instructor.* Instructors will need to consult with their Department Chair and Area Dean to determine final exam times for classes with start times that do not coincide with the standard time blocks listed below.
