

Los Angeles Valley College

Community Open House

Los Angeles Valley College invites you to learn more about the Master Plan Update and the environmental process. The Open House meeting format allows attendees to stay as little or as long as they would like and provides the opportunity for one-on-one interaction with project representatives.

The Los Angeles Valley College 2010 Master Plan Update builds upon the 2003 Master Plan, establishing a framework for the College's future by:

- Providing an attractive, safe, accessible and high-quality learning environment
- Creating a rich campus life experience
- Maintaining a park-like quality with a rich variety of trees
- Providing a variety of gathering spaces appropriate for the college's diverse population

As part of the Master Plan Update, an Addendum to the 2003 Environmental Impact Report (EIR) has been prepared under the California Environmental Quality Act (CEQA) guidelines and will be considered by the Los Angeles Community College District Board of Trustees on February 23, 2011.

Please submit your written comments to:

**Office of the President, 5800 Fulton Ave, Valley Glen, CA 91401
or e-mail Jennifer Fong-Borucki, Public Relations Manager, at fongjc@lavc.edu**

Comments are due no later than February 4, 2011.
