Goal 2:

Increase student access

*There was a community college
that was full to max
There were so many students,
average 43 per class
The doors stayed open, they were
given the best
They came from UCs, CSUs, east
and west
How does the story end, care to
offer a guess?
Higher headcount, fewer classes,
meeting our FTES?
True to our mission and student
success!*
